

## Guest Lecture

**Date:** 30th May 2025

**Time:** 12:15 PM

**Venue:** Seminar Hall, B-tech Department

**Topic:** *Artificial Intelligence – Training, Courses, and Research Opportunities*

**Speaker:** **Mr. Jatin Kumar Ralhan, Research Fellow, Nanyang Technological University, Singapore**

The Department of Computer Science and Engineering at **KC Group of Research & Professional Institutes, Pandoga** organized a guest lecture on **Artificial Intelligence (AI)** on **30th May 2025 at 12:15 PM**. The lecture was delivered by **Mr. Jatin Kumar Ralhan**, a distinguished **Research Fellow at Nanyang Technological University, Singapore**.

The session aimed to enhance students' understanding of Artificial Intelligence, its real-world applications, and the growing opportunities in this field. Mr. Ralhan introduced participants to **cutting-edge AI research**, and provided guidance on pursuing **AI-focused training programs and certification courses**. He highlighted the importance of developing practical skills and staying updated with global AI developments.

In his address, he also shared details about **international AI projects**, current research areas like machine learning, robotics, and intelligent systems, and how students from institutions like KC can contribute through innovation and collaboration. He encouraged students to engage in project-based learning and to explore further studies or research roles in AI.

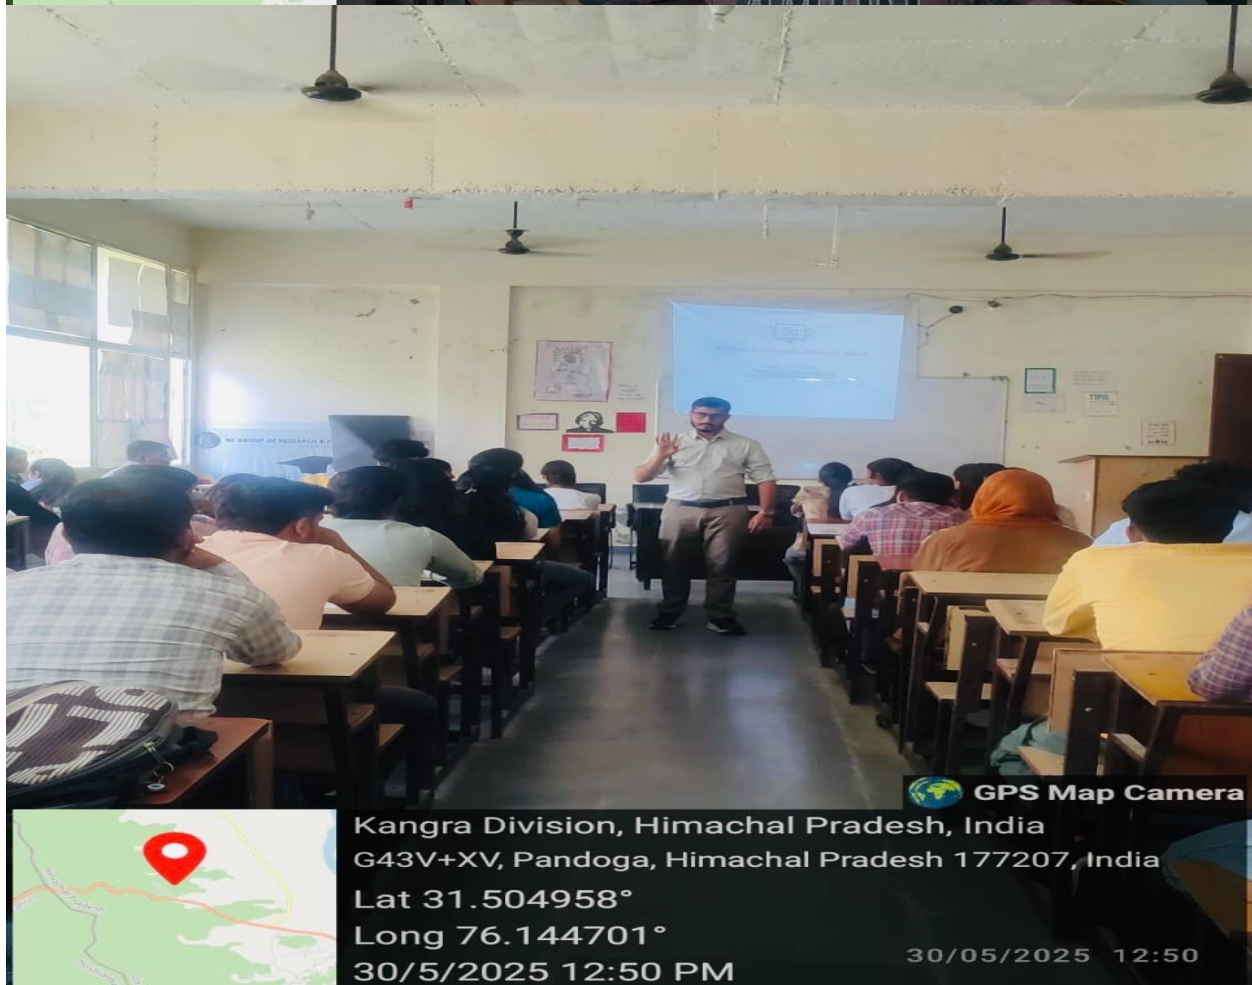

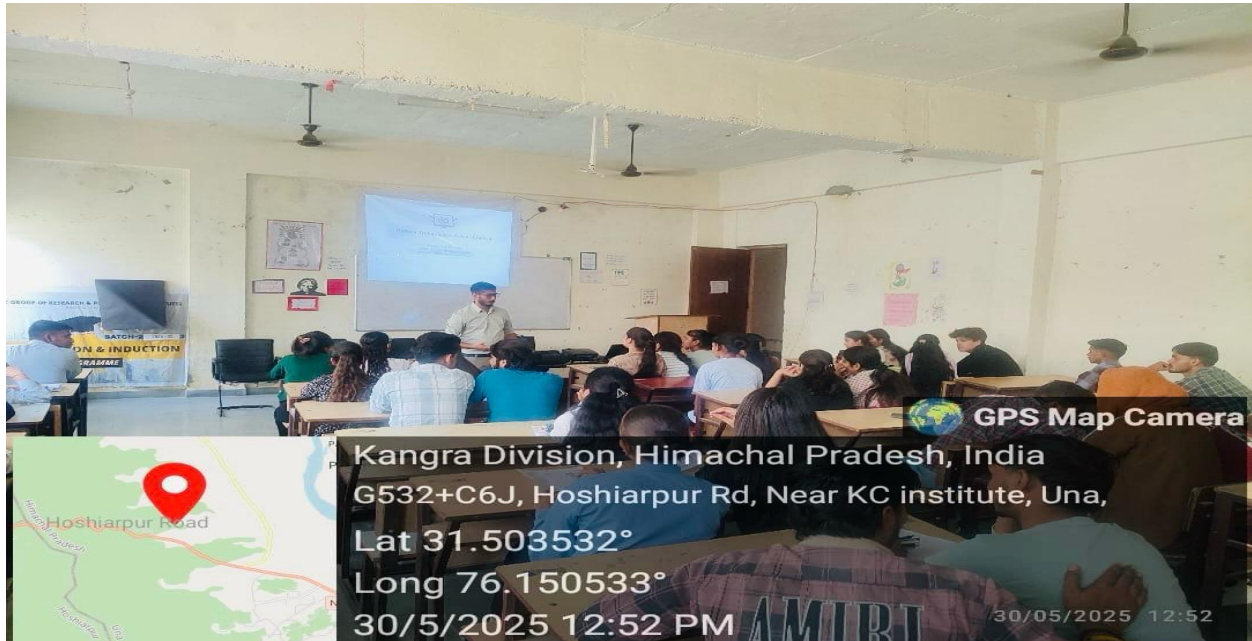

The session was highly interactive, with enthusiastic participation from students and faculty members. Mr. Ralhan answered various questions related to AI tools, career paths, and global opportunities. The event concluded with a vote of thanks by the department, appreciating Mr. Ralhan's insights and expressing interest in future academic collaborations.

### Outcome:

- Awareness of AI training and certification courses
- Exposure to ongoing global AI research
- Motivation to pursue AI projects and higher studies

The session proved to be a valuable learning experience and a step forward in integrating global knowledge into the academic environment at KC Group.
